The Trainer Associate Certification
applies toward the final
SNLP Trainer Certification

- [Click here for SNLP certificate sample](#)

The Society of NLP Trainer Certification, The NLP Connection, is the highest standard Trainer Certification in the world. Therefore receiving final Trainer certification is a process. It involves successfully completing the required criteria to become a successful trainer f. ex.: co-training hours as well as a video of demonstrating the presentation and training skills learned in the TT. Trainer Associates have transformed into Trainers certifying through the SNLP in two month or two years according to their background and commitment to fulfill all criteria.

Please click for further information on

- Requirements for SNLP Trainer Certification
- License Agreement for Society of NLP Trainer Associate
- Use of the SNLP logo

Further information on each of the criteria is available. Please request at
